Elkford Paving Program

The District of Elkford awarded the 2016 Paving Program to Interoute Construction Ltd. dba BA Blacktop (Cranbrook). The Chauncey Ridge subdivision will be the area where a mill and fill type paving program will be initiated. Other small patches around town will be addressed as well.

The following streets will be affected:

- Cariboo Drive
- Cassiar Drive
- Casino Crescent
- Cherokee Drive
- Chimo Crescent
- Cascade Crescent
- Intersection of Alpine Way and Balmer Drive
- Intersection of Alpine Way and Boivin Road
- Portion of Water Street

The project will start at the beginning of September. More information will be distributed in regards to possible traffic delays and detours.

Elk River Alliance

Council accepted the Elk River Flood Strategy as submitted by the Elk River Alliance and agreed to support the group where possible with in-kind resources.
